

# Train station Mersch

Since its renovation, Mersch station has become more user-friendly, and has been adapted to the growing flow of travellers to this town in the centre of the Grand Duchy of Luxembourg. The station acts as a transport hub, combining bus and train stations to offer an optimised service to users of the public transport network (details of the lines can be found on 'mobiliteit.lu').

A 200-space public car park close to the station, with 5 spaces reserved for disabled people, is more than complemented by a newly-built covered car park with 406 spaces, 11 of which are reserved for PRMs. 2 additional spaces reserved for PRMs are located near the station, but do not quite meet the required standards.

All tracks are accessible via two accessible lifts.  
Contrasting tactile guidance strips along the platforms and pavements facilitate access to the site for people with disabilities.

3 WCs for PRMs are located throughout the site, completing the range of facilities available to users.

Parking	
<b>Name</b>	<b>Value</b>
Name english	Public parking
Text english	A public, free car park with just under 200 spaces is located just 100 metres from the station. Of these parking spaces, 15 are reserved for PMR. Access from the car park to the station is made difficult by the uneven pavement and additional small obstacles such as lampposts and other posts. In addition to these parking spaces, there are also 2 parking spaces for PMR within walking distance of the station; unfortunately, these designated parking spaces are not entirely suitable for PMR. The use of the multi-storey car park opposite the tracks is therefore recommended.

<b>Name</b>	<b>Value</b>
Name english	multi-storey car park
Text english	The newly built, spacious and user-friendly multi-storey car park has 406 parking spaces, 11 of which are designated for PMR. The parking spaces are spread over 4 floors and can be reached by lift or stairs. The car parks reserved for PMRs are located exclusively on the ground floor. The car park ticket machine is located at a slightly lower level for user convenience.

## Lift

<b>Name</b>	<b>Value</b>
Name english	Train station Mersch
Text english	The renovated station has 3 lifts leading to the respective railway tracks. The 3 lifts are all handicapped accessible and have identical equipment. The interior space varies from lift to lift, and in two of the lifts the exit from the lift is not identical to the entrance. However, this in no way affects the comfort offered. This information also applies to the lift in the multi-storey car park
