

# Train station Drauffelt

Drauffelt railway station is located in the centre of this picturesque Ösling village. This double-track station connects the city centre of Luxembourg with an extension to Rodange in the south of the country with Troisvierges in the north of the country with an extension to Liège in Belgium.

Adjacent to the station is a car park with 78 spaces, 2 of which are reserved for people with reduced mobility.

Access to platform 1 is easy, access to platform 2 is a little more complicated as the level crossing must be crossed and access to the pavement is narrow, although the required width of 90 cm is respected.

The station is not equipped with toilets, but has two passenger shelters (5 seats each), a ticket machine for special needs and timetables that are displayed visually and acoustically if necessary.
