

Lëtzebuerg City Museum

The Museum of History of the City of Luxembourg inaugurated in June 1996, is located in the heart of the old town in the street of the Holy Spirit.

The museum is composed of two parts:

The floors (0, 1 and 2) below the entrance to the Rue du Saint-Esprit relate the urban, social, economic and political evolution of the city.

The upper floors (3, 4 and 5) are reserved for temporary exhibitions in which the museum deals with societal issues that respond to the current concerns of its multicultural local and foreign audiences.

Visitors with reduced mobility can access via the main entrance.

All floors can be reached by a lift. 2 exhibits are not accessible due to the presence of a few steps.

For groups with reduced mobility arriving by bus, it is recommended to go through the secondary entrance; On request, a secured lifting platform can be used.

On request, the inner courtyard can indicate a PMR car park.

For blind / visually impaired groups a guide may be made available on request.

The museum has 3 toilets suitable for wheelchair users.

You can also borrow a manual wheelchair on request.
