

European Convention Center Luxembourg (ECCL)

For a description of the rooms and restaurants, please consult the institution's website. This prestigious, spacious and welcoming building is easy to access and allows you to move around the generous corridors without constraint. The rooms, toilets and lifts make visitors with reduced mobility feel welcome in these exceptional surroundings. Basement parking and a nearby tram station ensure easy access to this venue for conferences and other events.

Each room allows PRMs to find a place that meets their specific needs, as the conference rooms are spacious, and the meeting rooms equipped with removable furniture.

An exception must be made for the Hemicycle, which can be accessed via 1 Rue du Fort Thüngen, 1499 Neudorf-Weimershof, where access to the room is more complicated and the sanitary facilities available, while meeting needs, are difficult to access (distance to travel from the conference venue).

For ease of reference, we will describe the narrowest lifts and the smallest WCs.
